MAINTENANCE STAFF

- 
- A photograph of a baseball field that has been completely flooded with water. The water is calm, reflecting the sky and the surrounding trees. In the background, there is a line of green trees and a chain-link fence. The foreground shows the reddish-brown dirt of the infield, which is also submerged. A chain-link fence is visible in the lower right corner.

MASTER PLAN

From Master Plan:

- Older assets need replacement
- **Lifecycle replacement necessary in next 10 years for all of Community Services is \$93,489,034 (or 46%) of the system**
- A phased replacement program will help to update these assets and amenities over time and as financial resources are available.
- 64% and 67% of respondents indicated need for Community parks/neighborhood parks respectively
- 32% of households indicated adult fitness and wellness programs are 1 of the 4 most important programs to their household but only 10% of households use City of Scottsdale facilities among their top 4 locations for these programs
